

# 06

## Miscellaneous

I've been creating for as long as I can remember, from drawing on walls as a child to painting on canvas and exploring digital art. I work with watercolor, gouache, oil, acrylic, and ink, each bringing a different feel to my process. Each step has been a new way to express myself, to turn ideas into something real. Art isn't just what I do, it's how I see the world, how I grow, and how I bring imagination to life
